

THIRTY CLERKS HARD AT WORK

Sixty Thousand Tax Notices to Be Mailed Before September 7.

BIG COLLECTION TO MAKE CAR COMPANY TAXES TO GO TO STATE THIS YEAR.

County Auditor Frank Heginbotham turned his books over to County Treasurer John Groesbeck yesterday and thirty extra clerks were set to work at once by the treasurer getting out tax notices. A force of sixteen will work days and another force of the same number will continue the task at night.

There are approximately 6,000 tax notices to be written and sent out. Treasurer Groesbeck said yesterday that he would have them all ready for mailing by the first of September. The law specifies that they shall be sent out by the first Monday in September, which will be September 7 this year.

The treasurer's forces will have \$2,462,131.75 to collect this year, the largest amount in the history of Salt Lake county. Last year the total amounted to \$2,191,625.50, which included \$1,325.94 on car companies. The car company taxes will be collected by the state this year and are not included in the amount which the county treasurer will go after.

How Taxes Are Divided.

The taxes are divided as follows:

State	\$348,077.22
County	27,834.94
City	171,538.61
City school	627,411.18
City school	19,362.71
Murray	13,251.45
Murray school district	19,064.41
Grainland school district	99,393.96
Jordan school district	68,113.51
Forest Dale town tax	2,123.96
Standy city	1,562.71
Bounty fund, sheep	102.57
Bounty, horses and cattle	572.16
Total	\$2,462,131.75

The law provides that the county auditor shall keep track of all lost fractions in the computation of the taxes and in the list this year \$191.17 and 2 and 3-10 mills will be lost, as any fractional amount cannot be charged against a property holder.

Work Has Been Thorough.

The county auditor's force has been busy for weeks with this work, and has put it through in record time. The taxes are run down to a tenth of a mill, and the books have balanced exactly. The work has been thorough and gives another evidence of the businesslike administration of the county offices. The treasurer started to work as soon as the books were turned over, and at a moment was lost in getting the notices out of the way.

HERMAN WEISS ARRESTED

Jealous Husband Who Made Assault Upon Richard Downey Furnished Bail in Sum of \$250.

Herman Weiss, who made an assault upon Richard Downey when he found the latter being entertained by Mrs. Weiss in her room early yesterday morning, was arrested yesterday afternoon on a warrant charging assault with a deadly weapon. Weiss is the proprietor of the Hotel Hard hat. He was taken to the police station and locked up, but later released on \$250 bail. Weiss said that he went to his wife's room shortly after midnight for a friendly visit, but found the door locked although sounds from within told him his wife was there. He was unable to get the transome he says he saw Downey and his wife in compromising attitude. When he spoke the couple fled and he followed and locked the door. Weiss forced open doors and lunged at Downey with a large pocket knife. At the first slash he laid the flesh open six inches on the back of the intruder's neck, and in the short melee that followed inflicted several minor cuts on the hands and face.

The cutting occurred at No. 4 Sheldermine court. Mrs. Weiss had been separated from her husband for about two months.

"He would kill both Mr. Downey and myself if given the chance," Mrs. Weiss declared at the police station yesterday, where she went to visit Downey at the hospital.

The Weiss couple have one small child, who has been living with Mrs. Weiss' mother since the separation.

DEPORTED FAMILY IS RETURNED TO CANADA

J. C. Hise, inspector in charge of the United States immigration service in this city, returned yesterday a trip to Salt Lake, Canada, where he went to deport a family of seven members from Ogden. The Ogden family consisted of Walter J. Turner who came from Canada two years ago, bringing a wife and five children. Turner was recently adjudged insane and accordingly the family was deported.

PRESIDENT WILL TRAVEL IN STYLE

Details of Trip From Denver All Arranged With Much Care.

NO ACCIDENT IS POSSIBLE PILOT TRAIN AND TRACK INSPECTION ARE PROVIDED.

The visit of President William H. Taft and his party to Utah will be an important event in western railroad circles and every facility and convenience of the railroads will be placed at the disposal of the president to make his trip safe, pleasant and comfortable.

It was at the special request of the president that he might leave Denver at a time when he could pass through the Royal Gorge and also through the principal cities of central Colorado by daylight.

In conducting the president's train through the gorge the Denver & Rio Grande will provide a special pilot train, which will run at all times about ten minutes ahead of the official train. Arrangements for the train will be made by the operating department of the railroad at Denver and a special inspection of the entire line will be made just before the executive's train starts from Denver to Salt Lake.

The pilot train will consist of an engine, baggage car, sleeper and observation car, and, in addition to a representative of each branch of the operating department on the pilot train, it will probably carry most of the press representatives who are accompanying the president on his trip.

The president's train will make brief stops at the principal cities and towns where "rear platform receptions" and speeches will be in order. In these events, John Hays Hammond, who is immensely popular throughout the west, will take no small part.

Bodyguard Plans.

"Every means of protection at our command will be thrown about President Taft during his stay in Salt Lake," said S. M. Barlow, chief of police, yesterday. "The city council will be asked to authorize the appointment of a special squad of officers to be used as a bodyguard to the president, and wherever he goes while in the city he will be accompanied by a sufficient number of police officers to insure safety against every possible exigency."

Although not prepared to say just what the police will undertake to guard the chief executive, Chief Barlow declares that nothing will be overlooked. A squad of police will meet the special presidential train and will be accompanied by a sufficient number of police officers to insure safety against every possible exigency.

SISTER FINDS RELATIVES AFTER FORTY-FIVE YEARS

Mrs. Mary Delmotte of Toledo Runs Across Two Sisters and a Brother in This City.

The home of Mrs. Jennie Browning, 1035 B. avenue, is the scene of a warm and happy reunion of kinspeople for many years lost to each other, when Mrs. Mary Delmotte of Toledo on Sunday night met a brother and two sisters for the first time in forty-five years.

Mrs. Delmotte came here to attend the encampment and happened to run across her long lost sister, when she was leaving for Toledo. Mrs. Delmotte will remain here for a month or so.

Window Broken and Pastry Scattered in Chop Suey Resort—Damages Are Settled For.

"If you don't come home with me, honey, you'll sho' be dead before mornin'," declared a raven-hued Commercial street negro to his mulatto sweetheart, known to the police as "China Mary," when he found her bestowing her affections upon his rival in a chop suey resort yesterday.

He was laughed at for his threat and the usual Darktown scrap ensued, in the course of which "China Mary" and her two ardent admirers went through the plate glass window of the Salt Lake restaurant.

A passing officer escorted all three to the police station, where upon promising to pay for the window and the ruined pastry they were released without being booked.

INFECTED FRUIT IS BARRED FROM UTAH

Secretary Edward Taylor of the state board of horticulture has written to the California state board calling its attention to the new law barring infected fruit from the Utah market, and advising growers not to ship fruit here as it will be condemned.

Copies of the letter will be sent out over the state of California and it is expected that much good will result from the notice.

BUTTE OFFICER HERE FOR WANTED MAN

Under Sheriff Mike Murray of Silver Bow county, Montana, arrived in Salt Lake yesterday to take into custody T. H. Patten, held by the police for the Butte officials on the charge of robbery. Patten has requisition papers and these will not arrive until Tuesday night. Mr. Murray will probably leave Wednesday morning for Butte with his man.

LOCAL ACTRESS GAINING FAVOR

June Mathis of Salt Lake Is Given an Envious Position in East.

Word has just reached Salt Lake that June Mathis, known to nearly all old residents for her wonderful ability as an amateur actress, has become leading woman for the Shuberts in the Eastern production of "Going Some," the Paul Armstrong-Rex Beach play, which carried New York by storm during the close of last season. Miss Mathis will be remembered for her trips through Salt Lake with Ezra Kendall in a number of plays, but especially for her pleasing work as Polly in "Brewster's Millions," in which she starred for two seasons.

"Real estate in several of the cities in which I have interests is considered a No. 1. It pays a little better than banking interest on the investment," said one G. A. R. "veteran" yesterday. "Here you seem to have unlimited opportunity. The city is growing rapidly and the population must be added. This class of property is reasonable in price and, judging from the history of all progressive cities, will increase greatly in value within a short time. I have an eye on several locations and if the proper terms can be agreed on I will invest a few thousands here myself."

CONCERT MUSIC ON R. I. TRAIN

Negotiations for Placing Violins on Fine Trains Out of Salt Lake.

The Rock Island railroad began this month to furnish grand opera and concert music as a special form of entertainment for passengers on the Rocky Mountain Limited, running between Chicago and Denver, and now there is a movement on foot to induce the western railroads to extend this service through Salt Lake and the Pacific coast.

A. B. Carstensen, manager of the Carstensen & Anson company of Salt Lake, has seen some of the local passenger officials in the last week and started negotiations with them for placing the violins on the observation cars of the fine trains that run out of Salt Lake.

The Rock Island has been a leader in providing comfort and amusement features for its patrons, having for a time run a "living room car" on the Rocky Mountain Limited. This car is also known to have provided a pastor for the accommodation of those wishing to be married on its trips, but, so far as known, no judge has ever granted a divorce hearing while traveling on the road.

ARE WAITING FOR JOHNSON

Police Force Will Do Things to Black Champion If He Speeds Auto in Salt Lake.

Being a man of numerous hobbies, one of his professional hobby, one of which is speeding in big, red devil autos, Jack Johnson is apt to attract more than his pugilistic reputation during his stay in Salt Lake. Johnson's speed mania has been known to the police court magistrates of half a dozen eastern cities in the past few months and his reputation has spread abroad of him.

If he attempts to set fire to Salt Lake pavement, his royal idea may be treated to an entirely new diversion, according to Lieutenant Hempel of the police, who declares that the big champion will suffer rather than profit by his fame if he comes before Judge Bowman on a speed charge.

NOW THEY LOOK AT REAL ESTATE

Encampment Over, Many Visitors Investigate Chances for Investment.

DEALERS ARE BUSY NOW EASTERNERS SHOW INTEREST IN PROPERTY VALUES HERE.

During encampment week the thousands of visitors were too busy enjoying the G. A. R. festivities to pay much attention to the wonderful opportunities in Salt Lake real estate. With the encampment over, many of those who remained in the city have availed themselves of the opportunity of making trips to the various properties offered for sale seeking profitable investments.

Expressions have been heard to the effect that Salt Lake real estate offers more inducement than in the majority of eastern cities. Visitors have been surprised at the comparatively low prices which prevail and increases in realty values shown by the records in local real estate offices.

That many of the visitors from the east came here with the idea of investing in Salt Lake realty has been shown. They have not yet had opportunity to make full investigations of the properties offered and for that reason no sales of particular moment have so far been made. Many suburban lots, however, have been sold. In this class of realty there seems to be no guesswork. It is a case of buy and reap the reward.

With the continued steady growth of the city, there is probably not an addition on the market which will not increase greatly in price within the coming year.

JUDGE TALKS OF WOMEN'S TRIALS

Says Pretty Manicures Are Often Victims of Much Temptation.

Voicing his regret that a reconciliation had not long ago been effected between Mrs. F. P. Nuttall, Judge T. D. Lewis of the Third district court, went out of his way yesterday morning to make a few remarks about the trials of women, both married and single, in leading moral lives while engaged as manicures. Judge Lewis awarded the first round of divorce proceedings to Mrs. Anne Irene Nuttall, a beautiful young woman, who was married September 25, 1904, at Farmington, after running away with Nuttall, who was then in the custody of her child, Gladys, 4 years old, and \$20 a month temporary alimony. The divorce case will not be settled for some time.

Mrs. Nuttall said her husband had beaten her several times during their married life, because of his jealousy, thinking she had been out with other men. She said he was not a bad sort, but had a mean temper. She said she had accused his wife of infidelity, but this was not proved to the satisfaction of the court. She said she was a good woman, but she should permit her husband to visit the child at intervals and take her home sometimes for short visits.

UTAH ACTRESS GOES EAST

Miss Ruby Lindsay, After Vacation at Home, Returns to Engagement in New York.

Miss Ruby Lindsay, daughter of the late John S. Lindsay, the well-known tragedian of Utah, left yesterday morning for New York. Miss Lindsay has been spending five weeks at home, having for the last three years been engaged in theatrical engagements in the east, during which time she scored several marked successes.

Miss Lindsay will arrive in New York in time to begin rehearsals for her next season's engagement, which will start the last of this month. She intends stopping over in Chicago for several days en route, and probably later she will be followed in New York by her sister, Miss Edith Lindsay, who is also well known in all Utah and Idaho towns.

OGDEN YOUTH TAKEN IN FOR SHOPLIFTING

Harry Stone, an Ogden youth of 29 years, was arrested yesterday morning on a charge of petty larceny. Stone was caught pilfering from the store of the Charlton store, a five and ten cent emporium on lower Main street. When searched at the police station a miscellaneous collection of talcum powder, toothpicks, button hooks and other goods of the sort carried by the establishment, were found in his pocket.

SHUBERT BILLS ARE CANCELED

Willard Mack's Company Signs for Forty Weeks at the Grand.

DARK FOR TWO WEEKS PELTON STATES REASONS FOR HIS CHANGE IN PLANS.

Arrangements were completed yesterday by Pelton & Smutzer, controlling the Grand theatre, by which the Willard Mack Stock company has been secured to play an engagement of forty weeks in the Grand theatre. All Shubert bookings at the Grand for the coming season have been canceled, and on Sunday, August 23, the Mack engagement will commence.

The definite announcement, in the change of the Grand from a Shubert to a stock theatre was made yesterday by Mr. E. Pelton of the firm of Pelton & Smutzer. The Mack Stock company closed its summer engagement at the Grand Sunday evening. For two weeks the house will be dark and the end of the week the Mack company will open its fall engagement.

In the interim the Grand theatre is to be thoroughly redecorated within and without. The somewhat gloomy atmosphere of the interior of the Grand will be dispelled by bright new decorations. Mr. Pelton said yesterday that he proposed to make the Grand theatre the prettiest playhouse in the city.

Mr. Pelton assigns two reasons for the cancelling of the Shubert bookings. In the first place, the Shuberts have only half dozen three-night engagements booked between now and Thanksgiving, with small prospect of getting many more. "With new decorations throughout the season, unless reasonable assurance could be secured that the time would be practically all taken. The other reason is that the Mack Stock company has been one of the best drawing cards the Grand theatre has ever had."

Mack Makes a Hit.

"During the summer season," said Mr. Pelton, "Mr. Mack, in plays that were not the best available, has attracted unusually large crowds. I could not have believed that Richard Mansfield, supported by E. H. Sothern, Julia Marlowe and an all-star cast, in the best play ever written, could have drawn the crowds that have come to see Mr. Mack during the torrid spell. In spite of the heat, the Mack company has played packed houses during the last eight days. "Held by the Enemy," and the last night's business was better than the first."

Among the Shubert bookings canceled are "Girls," August 23, 24 and 25; "Going Some," August 26, 27 and 28; "The Great Girl," August 29, 30 and 31; "The Witching Hour," September 1, 2 and 3; "The Bachelor," October 1, 2 and 3; "Madame Butterfly," November 1, 2 and 3.

Popular Plays to Open.

When Willard Mack and his associates open at the Grand for the week of August 23, it will be David Belasco's "Girl of the Golden West." The same company has already produced this play several times during the season. The production is most popular of all of the Mack productions. For the week of September 5, the Mack company will play "Salome," "The Squaw Man" and "Raffles" will be the offerings.

The Mack production of "The Squaw Man" will be the first time this most popular play of Ned Royce has been produced in Utah. The production is in communication with several owners of other excellent plays, and is arranging to be permitted to play some of the best during the season. The production of "The Girl of the Golden West" will commence. Among the well known players secured by the Willard Mack company for the coming season are Blanche Douglas, Frederick Allen, Arthur Abbe, Lee Millar, Joseph Kennedy, Anna McConville, Lillian Babcock, Agnes Bjar, James Rennie and Clay Clement Jr.

Theatrical Outlook.

Mr. Pelton said that he expected an exceptionally profitable year in the theatrical business all over the country. The past year, he said, had been the most disastrous experienced in twenty-five years. "The time ago five years," he said, "the presidential election and the tariff legislation, he said, combined to make a feeling of business uneasiness throughout the country that caused the theatre to be among the first and heaviest sufferers."

MORE SPECIAL POLICE OFFICERS DISCHARGED

Ten of the twenty-five special policemen appointed for service during G. A. R. week were discharged yesterday. The remaining fifteen will be held for several days to insure all possible protection to visitors yet remaining in the city. The contingent of thieves and pickpockets which came to the city to prey upon the crowds will be kept before the same vigilance as that maintained during encampment week, and not until the town has been thoroughly rid of these undesirable will the police force be reduced to its regular proportions.

TICKET IS RETURNED.

The considerate pickpocket who relieved J. F. Williams, a Chicago tourist, of his pocketbook containing a round-trip ticket from Chicago to Portland, dropped the ticket into a mail box yesterday. The postal authorities forwarded it to the police department, where Williams recovered his stolen property. The purse contained \$8 in cash.

MONEY TO SPARE, SAYS STERRETT

Estimated Expenditures for Encampment Will Be About \$61,000.

At a meeting of the executive committee of the G. A. R. encampment at the Commercial club rooms yesterday afternoon at 12:30, the reports of various committees and sundry encampment bills came up for consideration. According to Colonel Frank M. Sterrett, executive director of the G. A. R., there will be money sufficient to meet all bills, with a little to spare. The expenditures will be approximately \$61,000, and the receipts \$62,000.

COUSINERS GET BETTER FOODS

Conditions Improved in Slaughter Houses, Markets and Stores.

J. W. Treman, city meat inspector, visited thirty-two small meat markets and stores yesterday and reported improved conditions. A visit to several slaughter houses last week found conditions wonderfully improved over that shown a few weeks ago. Butchers and grocers are making efforts to improve their shops and to place wholesome food before the people.

Inspector Treman sent in a report to the city council last night, which went to council before it will be acted upon. He asks that \$25 a month be allowed him for the maintenance of his own horse and wagon. He believes a meat inspector should have five years of practical work as a butcher, and that an inspector should be appointed for each slaughter house, with the exceptions of Hepworth and Papworth. Here, he says, one man can do the inspecting, as the plants are close together. Another inspector, he believes, should have the work of inspecting the butcher shops of Salt Lake exclusively.
